A Step By Step Guide To Using The Leicestershire Funding Toolkit

The **Leicestershire Funding Toolkit** contains a range of useful information for voluntary/community groups, including a Funding Database, which you can register on to search for potential sources of funding for your community group/project.

The following is a simple step-by-step guide to searching for funding, using the Leicestershire Funding Toolkit:-

1. Go to the Funding Toolkit website www.fundingtoolkit.org
2. This will take you to the Leicestershire Funding Toolkit website. Before you begin searching for funding, you will need to register on the website as a user.
3. To register as a user, click the orange tab in the top right corner which says 'log in or register'— this will open a section for you to register as a user, by providing your details, details of your organisation, an email address (which will be your username) and a password.
4. You will then be automatically registered on L4C and you can begin searching for sources of funding that may be relevant to your project by clicking on any of the boxes or tabs on the 'homepage', i.e. -
 - 'Search for Funding'
 - 'Browse Funding'
 - 'View Local Support'
 - 'news'
 - 'Help and Advice'
5. By clicking on any of these boxes, you will then be taken to another page with a wider range of categories to help you narrow down your search, e.g. Community; Heritage and the Arts; Young People and Youth Issues, along with many other categories.
6. It is also possible to filter the search results down further by clicking on the 'Filter results further' icon within each category box.
7. You can also use the funding database to do a more specific search for funding. To do this, click on the 'Search for Funding' box on the homepage or the 'Search for Funding' blue tab at the top of the page.

8. You will then be asked to provide specific details in relation to what you are searching for funding for, i.e. -
 - the focus of your project
 - your organisation type
 - how long your group/organisation has been active
 - what you are looking for funding for
9. Once you have entered your search criteria, click the 'Search now' orange icon at the bottom on the form.
10. You will then be provided with a number of potential sources of funding (i.e. the results of your search), broken down by Local Funding and National Funding.
11. You will need to click on each of the search results and go through the details of various schemes/funding programmes to see if you think you may be eligible for funding from any of these sources (these are listed in categories of Local, Regional and National funding programmes).
12. The details provided are very comprehensive and will also provide links to other websites with more information about the particular funding programmes.
13. This might be quite a time consuming exercise, but it is also highly worthwhile!!
14. If you feel your project does not meet the criteria for any of the funding programmes listed, try doing another search, using different criteria, e.g. for 'focus of your project' and/or 'what you are looking for funding for'.
15. There is also the option of saving your search results, by clicking on the 'Save Search' orange icon on the right hand side of the page.
16. You can also save selected schemes, by following the 'Select Schemes' section on the right hand side of the page.
17. Finally, you can also import details of funding programmes into Word to create a report, by clicking the 'Produce Report' orange icon on the right.
18. If you need any further advice at this stage, feel free to contact Voluntary Action Leicestershire, email helpline@valonline.org.uk, or ring 0116 2575050.
19. Good luck!!
