Appendix 1a - Barlestone Parish Census 2011 Profile

This Parish Profile presents data from the 2011 Census which took place on 27th March 2011.

It provides comparisons against the borough, region and England averages.

Accessibility Note: these are complex due to their nature. As advised by Nik Green (LCC), April 2021 - if you have any small tables, I would avoid doing them as a table and present the information in a different way, i.e. using columns or something similar; however, agree that for large amounts of data such as this you have presented this in the best way. Here we have taken the approach that we make all the basics and as much of the other content as accessible as possible. There will always be something that may not be 100% accessible but as long as you have made the effort to make it as accessible as you can it is acceptable to have small elements slightly below par.
