- Information and guidance
- Project development and funding bids
- Grants and finance
- Procurement
- Expert advice
- Communications and engagement
- Networking with other councils/groups
- Sharing best practice examples

- Do you have any questions or initial comments?
- Do you have any other themes you would like included?
- Are there other delivery mechanisms which you would like support with?
- Is there anything else you'd like us to consider?
- Do you have any existing projects or challenges/barriers you'd like to share with us?
- Please can you complete the survey and share with other clerks and Councillors

Thank you very much for your time and  
participation
